

More Guests. More Conversions. More Revenue.

Expand your venue's audience instantly with **Ingresso** - the API-driven distribution network that connects your live inventory to leading Online Travel Agents and partners worldwide, without hassle. Welcome global guests with secure, streamlined entry and drive new revenue with a solution that puts you in full control.

Unlock Up to 1 Billion Potential Customers

Plug your access ticketing system directly into worldwide sales channels and domestic resellers, with instant access to new markets and demographics.

Boost Incremental Revenue

Drive more ticket sales and secondary purchases from new channels, all tracked and managed from your existing platform.

Voucherless, Frictionless Entry

Say goodbye to paper tickets and clunky vouchers. Guests arrive with secure mobile barcodes for quick, smooth entry—delighting audiences and reducing fraud.

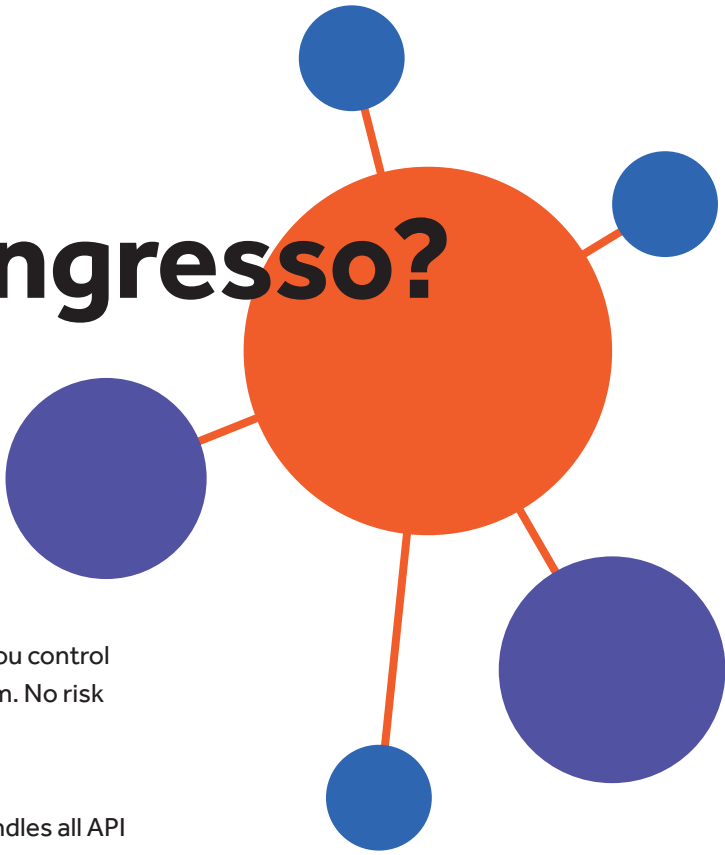

Trusted Connections

Ingresso is trusted by hundreds of venues globally to expand distribution, eliminate fraud, and drive new growth. Partners include EBG, Booking.com, Tripster, Expedia, Groupon, TripAdvisor, PerkSpot, Headout, GetYourGuide, and more.

Why Choose Ingresso?

Reach New Audiences

Connect your venue to a vast network of global and regional partners—Booking.com, Expedia, TripAdvisor, Groupon, PerkSpot and more—making your events visible to travellers everywhere.

Keep Inventory & Pricing in Your Hands

All transactions happen in your accesso system, so you control which tickets are available, at what price, and to whom. No risk of lost oversight or revenue leakage.

Streamline Operations

No more complex builds or integrations. Ingresso handles all API setup, so your team remains focused on delivering exceptional guest experiences—while the platform handles the tech.

Partner Testimonials

"Ingresso's robust supply network has allowed PerkSpot to expand inventory by 100+ attractions, greatly increasing reach and member satisfaction. If you want reliability, scale, and simplicity, Ingresso delivers."

PerkSpot

"Ingresso makes ticket distribution easy and efficient. Their team took care of all API development and major reseller integrations, so we could focus on our guests. A seamless, low-touch solution that truly delivers."
