

Your Venue, In Every Guest's Pocket

Step into the mobile moment. With **accesso**, your app is a command center for guest engagement, real-time operations, and direct upsell, all styled and branded for a world-class experience.

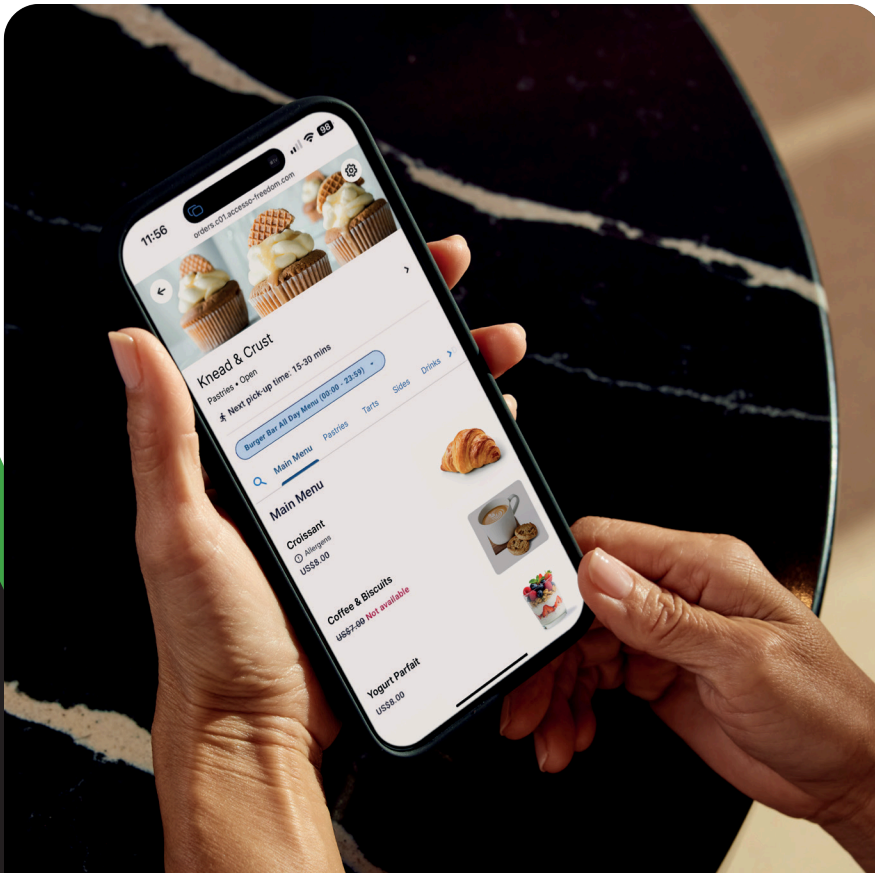

Always One Step Ahead

Interactive maps, up-to-the-second wait times, in-app ordering and purchases, live push notifications—stay connected to guests from the minute they buy to their final goodbye.

**Make every visit
memorable. Smart offers,
instant info, and VIP
treatment for every guest.**

Products that Deliver

accesso **Mobile App**

Fully customizable and ready to integrate with ticketing, queuing and all core platform tools.

Your Mobile Advantage:

Trigger upgrades and meal plans while guests browse and stroll.

Push real-time messages for events, weather, or show changes with tap-and-go admin.

Deep analytics fuel smarter offers and future campaign targeting.

Client Perspective:

"Every guest expects convenience. With our new app, Accesso made that a reality by driving revenue and improved guest satisfaction."

To connect your experience, connect with us

Our professional service teams have extensive experience in delivering custom software solutions and mobile applications that work in harmony with existing **accesso** products and your own IT infrastructure.
